TODAY'S GAMES

THURSDAY, MAY 14.

NATIONAL LEAGUE

New York, 4; Pittsburgh, 3.
R. H. E.
New York ... 300 010 000—4 5 2
Pittsburgh ... 001 200 000—3 10 9
Batteries: Demaree and Meyers;
Adams and Gibson.

Chicago, 5; Brooklyn, 6.
R. H. E.
Brooklyn ... 000 000 000—9 3 4
Chicago ... 000 000 000—5 10 9
Batteries: Ragon and McCarthy;
Vaughn and Bresnan.

AMERICAN LEAGUE

Washington, 1; Chicago, 0.
R. H. E.
Chicago ... 000 000 000—0 3 4
Washington ... 000 000 000—1 2 1
Batteries: Scott and Schalk; Ayres
and Henry.

Ten innings.

Boston, 1; St. Louis, 0.
R. H. E.
St. Louis ... 000 000 000—0 4 1
Boston ... 010 000 000—1 7 1
Batteries: Hamilton, Baumgardner
and Agnew; Leonard and Carrigan.

FEDERAL LEAGUE

Kansas City, 2; Pittsburgh, 6.
R. H. E.
Kansas City ... 000 011 000—2 3 5
Pittsburgh ... 201 000 10x—6 9 2
Batteries: Honning, Harris, and
Easterly; Walker, Adams and Berry.

St. Louis, 1; Brooklyn, 4.
R. H. E.
St. Louis ... 000 010 000—1 8 4
Brooklyn ... 000 000 000—4 9 0
Batteries: Willett and Hartley;
Seaton and Land.

Baseball.

Standing of the Clubs

National League. Won. Lost. Pct.
Pittsburgh ... 15 3 .733
New York ... 9 6 .600
Brooklyn ... 9 7 .563
Philadelphia ... 9 7 .563
Cincinnati ... 11 11 .500
St. Louis ... 10 14 .417
Chicago ... 8 13 .409
Boston ... 3 13 .188

American League. Won. Lost. Pct.
Detroit ... 17 7 .705
Philadelphia ... 16 8 .535
New York ... 16 9 .526
St. Louis ... 11 11 .500
Washington ... 19 11 .476
Chicago ... 11 14 .410

Buffalo ... 8 10 .444
Kansas City ... 9 14 .381
Pittsburgh ... 7 13 .359

Western League. Won. Lost. Pct.
Denver ... 14 8 .636
St. Joseph ... 12 8 .591
Des Moines ... 12 10 .545
Sioux City ... 12 11 .522
Lincoln ... 11 12 .476
Topeka ... 10 13 .425
Omaha ... 8 12 .409
Wichita ... 9 14 .381

CAVALRY FROM WINGATE TO STEAMBOAT SPRINGS

Another troop of cavalry has been detached from service at Fort Wingate. It passed through here yesterday afternoon, en route to Steamboat Springs, Colo. There are plenty of guards over the Mexican prisoners at the fort, however, since three companies of infantry that accompanied the captives from Fort Bliss are still there, together with a troop of cavalry.

ST. CLAIR HOTEL UNDER NEW MANAGEMENT

Mrs. W. G. Smith has leased the St. Clair hotel at 115½ West Central Avenue, and will open it to the public tomorrow. Mrs. Smith has completely renovated and refurbished the hotel so that the accommodations, when it opens tomorrow under the new management, will be excellent. Mrs. Smith has had considerable experience in the hotel business and will run a strictly high grade place.

Pheasants of Different Breed
For sale, and eggs for hatching, from the Golden Pheasant, the Silver Pheasant, the Siamese, the Elliot, Lady Amherst, Chinese Ring Neck; these birds do well in New Mexico climate, their plumage is beautiful. Colored pictures of the birds can be seen at A. Chauvin's wall paper and paint store. Send in your order early. A. Chauvin, 114go, 3rd St.

LINING 'EM OUT

NECESSITY IS THE MOTHER OF HIGH WOOL PRICES

The sudden resignation of Harry Lord recalls the batting order of the White Sox. "Lord, Chase, Collins," because that isn't what happened. Lord chased himself.

Johnny Evers is beginning to hit the ball, and is due to strike his old-time gall.

Miller Huggins' Cardinals look pretty good. Hug says he has got rid of a lot of troublemakers.

Larry Cheney is on the way to quality as the Cubs' iron man.

St. Louis is well stocked with Miller. The Feds of that community have W. Miller and the Nats a Jack Miller, Charles Miller and a Miller Huggins.

Visiting teams are complaining of the unusual height of the pitcher's mound at the polo grounds in New York—which is claimed, gives the New York pitchers an unfair advantage.

The New York team is one of the undivided advantages that New York pitchers have had heretofore. One or two clubs this season, however, look as if they were capable of chipping some of the "undiv" off the advantage—if they don't kick the stuffing out of the advantage altogether.

Wilbert Robinson promises to become one of the most popular managers Brooklyn ever had. The fans of the Church City are all rooting for him.

President Ebbets is about to put in a bid for the Mexico City franchise. He has just learned that they average some six holidays to the week down there with plenty of rain for double-headers.

Though the Braves have started off poorly the fans at the Hub have great faith in George Stallings. Boston, it will be remembered, dropped many games last spring before Stallings got the team working right.

The Cubs miss Evers and Bridwell. Bill Sweeney is comparatively slow, while Zimmerman is not a shortstop. Art Phelan probably will play short and Zimmerman will go back to third base in the near future.

Four ex-Giants, namely, Brennan, Bowerman, Dahl and Tenney, having failed as managers, is now up to Robinson, Herzog and McCormick to show that the McGraw school can turn out successful pilots of baseball teams.

Pitcher Marshall of the Phillies has a way of clipping the corners which foils the best batters. He struck out Fred Merkle on three pitched balls.

If cities in the Southern Michigan league do not show enough enthusiasm in supporting their clubs they will not have a chance to see them. The schedule will be disregarded and the team sent a-roving, playing on the road instead of at home.

This is an old Central league trick, the schedule in that circuit being pretty generally disregarded. It was tried in the Southern Michigan last year in the case of Flint and proved successful.

Jimmy Callahan has so many good pitchers that he could use a different twirler in each inning of a nine-inning game. Jimmy needs them, for while the Sox are not hitting a lick Callahan is forced to take out a pitcher every two or three innings in order to let a pinch hitter go to bat for him.

Ty Cobb has failed to get away to his Ryne start after batin hours. He is batting only about .250.

John J. McGraw declared the other day that Pittsburgh alone stood between his Giants and a fourth consecutive pennant. He admitted that the Pirates of 1914 were much more formidable than he had supposed before the opening of the season. For Philadelphia and Brooklyn he predicts an inevitable stamp. Chicago he believes weaker than a year ago and not likely to figure prominently in a race for the pennant.

"My Giants have looked bad on several occasions, I must admit," says McGraw, "but warm weather and regular work will remedy these defects. Pittsburgh has the jump on us now and Pittsburgh never was a quick starter. That old man Wagner is up to all his former tricks. He looks as good as ever and if that gang of Clarke's ever gets too big a handicap on us they will be mighty tough to beat."

The loss of Wilbert Robinson is blamed by many for the poor showing of the Giants. Mike Donlin is supposed to be filling his shoes, but can hardly be said to be doing so. It is almost a rule that the successful manager must have a lieutenant.

Sometimes this is a player in the ranks, sometimes an ordinary assistant manager. McGraw has had Robinson, Connie Mack has Harry Davis and Ira Thomas. Jennings once had Dononan and now has Jimmy Burke. Clark has always had Hans Wagner. Callahan relies on Kid Gleason. There is such a man in nearly every club.

If Donlin fails in his job, it is probable that it will devolve naturally on Christy Mathewson, who is best fitted to take hold.

Explaining the poor start of the

Braves, George Stallings says: "I have a young team, and when 'kids' break they look just about twice as bad as they really are."

Li Huan Schang, the Athletics' young catcher, has not been a smooth performer behind the bat this season. His throwing has been erratic and he has overlooked a few bats in generalship on several occasions. It takes time to develop a youthful catcher into a real star. Schang surely has the making of one.

GLOBE COMPANY TO DEMONSTRATE NEW CRUSHER DAILY

Machine Which will Save Mining Men Big Money to Operate at Foundry Daily from 2 to 3 O'clock.

WILL BE MANUFACTURED IN ALBUQUERQUE

Frank L. Buchanan, president of the Globe Mining Machinery Manufacturing Company and inventor of money-making and value-saving machinery for mines, quarries, cement mills, etc., who has established his headquarters in Albuquerque, has installed the No. 1 Crusher and Pulverizer at the Albuquerque Foundry & Machine Works, where he had built for demonstrating purposes. He invites the public to see this machine in these works, demonstrating every day between 2 and 3 p.m.

Mr. Buchanan guarantees his machine to crush and pulverize the hardest boulders and roughest rock or material that can be found in this state. This No. 1 machine takes the place of a toning crusher and tentons of rolls; a while mill in one machine require 5 to 10 horse power to run it and guarantees it will mill from 100 to 300 tons per day, according to mining run of dirt. Its weight is only 22,000 pounds and can be taken apart and packed on muleback or dragged on skids anywhere in the mountains.

This enables you to get your mill for less than \$2,000, while others cost you from \$10,000 up with a large outlay for repairs, power, etc., etc. It is a poor man's as well as a rich man's money-maker.

If you install the Buchanan machine you can make concentrates that will develop your property or you can sell it for big money. It will take in material wet or dry; material will not slip up or down nor will it clog up like other makes do.

It costs less to install, less in repairs, less in labor, takes less power, less space, makes material more uniform. No delicate parts to break or get out of order. When the wearing parts give out you can quickly replace them at two-thirds less the cost of other makes of machinery on the market.

By using the Buchanan machine you eliminate all extra machinery and reduce your operating cost at least one-half.

No mining company, quarry or cement mill can afford to be without it. Tell us the kind of material you wish to crush or pulverize and we will do the rest. We make any size required, according to your capacity. We back up all claims we make in the descriptive folder of our machines. Kindly send for it. It is free to you.

THE UNDERGROUND WATER IN DEMING DISTRICT

U. S. Geological Survey Issues Report on Water Supply of Mimbres Valley Region of New Mexico.

The United States geological survey is announcing a bulletin on the underground water supply of the Deming district, today, says:

Were it not for the many windmills in sight the travelers on trains crossing the great desert valley of Mimbres river, near Deming, N.M., would not suspect that this region has a water supply. It has been found in recent years that a wide area of this valley is underlain by deposits of sand and gravel containing large volumes of water that can be pumped to the surface and utilized for irrigation. Of late many settlers have taken homesteads near Deming and in adjoining districts extending south through Columbus to the Mexican line, and there is great demand for land in which water is available.

Operations in domestic wells have been confined largely to the earlier sheep wells which are arriving in the market from day to day. These wells are being taken about as fast as they get here and one instance is cited this week where a lot of scoured wool was sold out of a shipment before the mill involved was received.

Scoured—Sales of scoured wool have been fairly good this week, though wool has all sold in the market. A little early New Mexican No. 1 has been brought in this week and sold readily at 52 cents. Some Super of eastern pulling was sold at 12½ cents. Eastern A's are bring up to 50 cents without difficulty and AA's up to 55 or 60 cents, while some extra choice wool are held at 60 to 62 cents.

Sales of territory wool this week have been of the newly received parcels and have included Utah, Nevada, Arizona, Colorado and Idaho. These wools have all sold in the range of 54 to 55 cents.

FINAL JUDGMENT IS GIVEN AGAINST MEDLER

Final judgment against E. L. Medler in favor of Neil B. Field, for \$500, under a note, was entered in the district court today.

J. A. Garcia started suit against C. E. Cain for \$300 under a note. The note is secured by mortgage on house-hold goods.

Sometimes this is a player in the ranks, sometimes an ordinary assistant manager. McGraw has had Robinson, Connie Mack has Harry Davis and Ira Thomas. Jennings once had Dononan and now has Jimmy Burke. Clark has always had Hans Wagner. Callahan relies on Kid Gleason. There is such a man in nearly every club.

If Donlin fails in his job, it is probable that it will devolve naturally on Christy Mathewson, who is best fitted to take hold.

A household remedy in America for 25 years—Dr. Thomas' Electro Oil. For cuts, sprains, burns, swellings, bruises, 25¢ and 50¢. At all drug stores.

15 BARS OF BOB WHITE SOAP 59c

CASH Buys for Less

SOAPs.

3 lbs. cans Skinned Soap Paste	25c
2 lbs. can Red Raspberries	37c
